

CCRN EXPERT FORUM:

# Should HDL Be A Therapeutic Target?

April 21<sup>st</sup> 2011  
6:30-9:00 pm  
Holiday Inn Yorkdale  
Toronto Ontario, Canada

Co – Chairs:  
Dr. Gupta, MD  
Dr. Verma, MD

Faculty:  
Dr. Robert Hegele, MD  
Dr. Lawrence Leiter, MD  
Dr. Jacques Genest , MD

## Meeting Objectives:

1. To discuss the evidence pertaining to the role of HDL in atherosclerosis, with a focus on understanding new pharmacologic approaches in development.
2. To highlight current knowledge gaps and opportunities for further research, CME and publication opportunities.

## AGENDA

|                     |  |
|---------------------|--|
