

# Important Concepts from CCS Recommendations on the Management of Dyslipidemia

**Recorded Live in 2025**

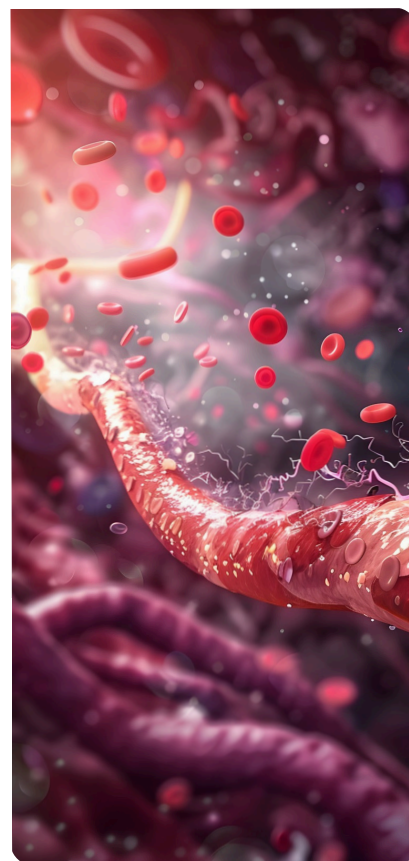

**Your speaker:**

Dr. John L. Sievenpiper, MD, PhD, FRCPC,  
Member of the 2021 CCS dyslipidemia guidelines  
St. Michael's Hospital

## Learning Objectives:

1. Update knowledge of the new Canadian guidelines for dyslipidemia.
2. Distinguish and assimilate changes from previous recommendations.
3. Determine which high-risk patients could benefit from additional lowering of their LDL-C levels.
4. Integrate therapeutic options into practice.
