

10 Key Concepts In The CCS Guidelines For The Management Of Dyslipidemia

Recorded Live On:
Thursday April 17, 2025

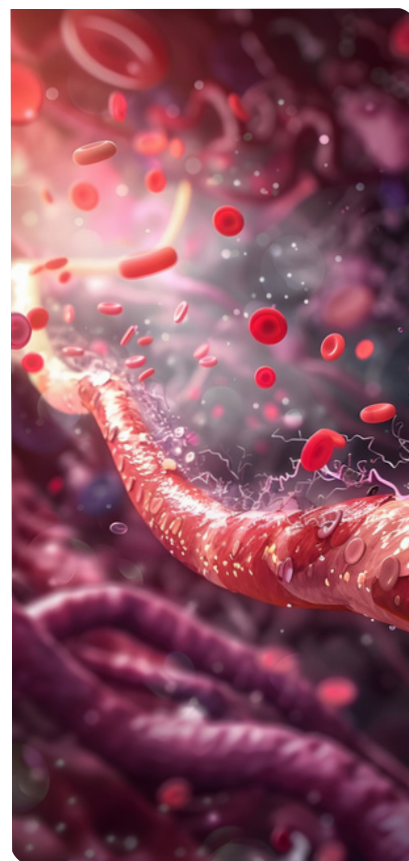

Your speaker:

Dr John L. Sievenpiper, MD, PhD, FRCPC,
member of the 2021 CCS dyslipidemia guideline
St. Michael's Hospital

Learning Objectives:

1. Update knowledge on the new Canadian guidelines for dyslipidemia.
2. Identify and understand the changes compared to previous recommendations.
3. Determine which high-risk patients could benefit from an additional reduction in LDL-C levels.
4. Integrate therapeutic options into practice.
