MD, FRCPC, FCCS, CPC(HC)

Assistant Professor, Department of Medicine,  
University of Toronto  
Medical Director,  
Collaborative CME and Research Network  
Brampton, ON

## Shaun Goodman

MD, MSc, FRCPC, FACC, FAHA, FESC, FCCS

Associate Head, Cardiology, St. Michael's Hospital,  
Unity Health Toronto  
Associate Director and Senior Scientist, Clinical Trials and  
Translation Unit,  
Peter Munk Cardiac Centre, University Health Network  
Professor, Department of Medicine, University of Toronto  
Adjunct Professor, Department of Medicine,  
Co-Director, Canadian VIGOUR Centre, University of Alberta  
Toronto, ON

  
Monday,  
**July 20, 2026**

7:00 - 8:00 pm ET

Explore why ACS represents a critical turning point in cardiovascular risk, with a focus on recurrent events, evolving LDL-C targets, and practical strategies to rapidly optimize LDL-C in high-risk patients.

### Learning Objectives

- Discuss the high risk of recurrent events following ACS and the ongoing care gap
- Explore the evolution of LDL targets across multiple guidelines
- Develop a practical strategy to rapidly optimize LDL in these high-risk patients
