

SACC Learning Objective

Identify, evaluate, and treat South Asian patients with and at risk for cardiovascular disease.

SACC Agenda

October 21/26

Co-Chairs Milan Gupta and Martha Gulati

Time	Talk	Faculty
7:00 PM	Welcome and Introductions	
7:05 PM	What explains the excess cardiovascular disease (CVD) risk in South Asians?	Romit Bhattacharya
7:23 PM	SANSAR/Burgundy Young Investigator Award	Manpreet Kaur
7:33 PM	Risk assessment in South Asians: risk scores, coronary calcium scoring, or alternative approaches?	Dinesh Kalra
7:51 PM	Cardiovascular risk in South Asian women: screening for sex-specific risk factors	Martha Gulati
8:09 PM	Exercise and dietary recommendations for South Asians	Russell de Souza
8:27 PM	Q&A	
9:00 PM	Closing Comments	

October 28/26

Co-Chairs Milan Gupta and Martha Gulati

Time	Talk	Faculty
7:00 PM	Welcome and Introductions	
7:10 PM	New and emerging data in lipid management	Milan Gupta
7:28pm	Cardio-kidney-metabolic disease in South Asians: advances in screening and treatment	Neha Pagidipati
7:46pm	GLP-1-based therapies for weight loss and beyond	Harpreet Bajaj
8:04pm	Heart failure prevention in South Asians: the new frontier	Anu Lala-Trindade
8:22pm	Q&A	
9:00 PM	Closing Comments	

VIRTUAL

FALL
2026

9th Annual South Asian Cardiovascular Conference

October 21 & 28, 2026
7:00 - 9:00 pm EDT

Co-Chairs

**Milan
Gupta**

MD, FRCPC, FCCS, CPC(HC)
Assistant Professor,
Department of Medicine,
University of Toronto
Medical Director,
Collaborative CME and Research Network
Brampton, ON

**Martha
Gulati**

MD MS FACC FAHA FASPC FESC
Immediate Past President,
American Society for Preventive Cardiology,
Professor of Cardiology,
Cedars-Sinai Heart Institute,
Anita Friedman Endowed Chair
in Women's Cardiovascular Medicine & Research,
Director, Preventive Cardiology
Associate Director, Barbara Streisand Women's Heart
Center,
Director, Davis Women Heart Center, Houston
Methodist
Houston, TX

CFPC Accreditation:

This activity has been certified by the College of Family Physicians of Canada for up to 4 Mainpro+® Certified Activity credits.

AAFP Accreditation:

Members of the American Academy of Family Physicians are eligible to receive up to 4 Prescribed credit hours for attendance at this meeting/event due to a reciprocal agreement with the College of Family Physicians of Canada.

SACC Full Agenda

Session 1: Wednesday, October 21 (7:00 - 9:00 pm EDT)

Co-Chairs Milan Gupta and Martha Gulati

Time	Talk	Learning Objective	Faculty
7:00 PM	Welcome and Introductions		
7:05 PM	What explains the excess cardiovascular disease (CVD) risk in South Asians?	Discuss the biological, genetic, metabolic, and environmental factors contributing to increased cardiovascular disease risk in South Asians.	Romit Bhattacharya
7:23 PM	SANSAR/Burgundy Young Investigator Award	Discuss recent research on the health of South Asian populations and the implications for clinical practice.	Manpreet Kaur
7:33 PM	Risk assessment in South Asians: risk scores, coronary calcium scoring, or alternative approaches?	Evaluate cardiovascular risk assessment tools for South Asians, including traditional risk scores and coronary artery calcium scoring.	Dinesh Kalra
7:51 PM	Cardiovascular risk in South Asian women: screening for sex-specific risk factors	Identify sex-specific cardiovascular risk factors in South Asian women and discuss appropriate screening strategies.	Martha Gulati
8:09 PM	Exercise and dietary recommendations for South Asians	Describe culturally appropriate dietary and physical activity interventions to reduce cardiovascular risk in South Asians.	Russell de Souza
8:27 PM	Discussion		
9:00 PM	Closing		

Session 2: Wednesday, October 28 (7:00 - 9:00 pm EDT)

Co-Chairs Milan Gupta and Martha Gulati

Time	Talk	Learning Objective	Faculty
7:00 PM	Welcome and Introductions		
7:10 PM	New and emerging data in lipid management	Examine recent evidence and emerging lipid-lowering therapies and their application to cardiovascular risk reduction in South Asians.	Milan Gupta
7:28 PM	Cardio-kidney-metabolic disease in South Asians: advances in screening and treatment	Describe the relationship between cardiovascular, kidney, and metabolic disease in South Asians and review advances in screening and management.	Neha Pagidipati
7:46 PM	GLP-1-based therapies for weight loss and beyond	Summarize the role of GLP-1-based therapies in managing obesity, diabetes, and cardiovascular risk.	Harpreet Bajaj
8:04 PM	Heart failure prevention in South Asians: the new frontier	Identify strategies for early detection and prevention of heart failure in South Asians.	Anu Lala- Trindade
8:22 PM	Discussion		
9:00 PM	Closing
