

# Controversies and New Directions in Lipid Management

 **OnDemand Webcast**

**Recorded on:  
Tuesday, July 8th, 2025**

## Program Description:

This engaging program highlights practical strategies for primary and secondary prevention of cardiovascular disease. Leading experts challenge one another with complex, real-world cases, sparking in-depth discussion on guideline-based care, key biomarkers, and emerging approaches to cardiovascular risk reduction.

## Target Audience:

Canadian cardiologists, endocrinologists, general internists, primary care physicians and pharmacists

## Learning Objectives:

- Evaluate and apply Canadian guidelines for the primary and secondary prevention of cardiovascular disease
- Assess the impact of elevated triglycerides and Lp(a) on cardiovascular risk and apply evidence-based strategies for risk reduction in primary and secondary prevention
- Discuss emerging evidence and evolving approaches to ASCVD management

## OUR SPEAKERS

**Milan Gupta**  
MD, FRCPC, FCCS, CPC(HC)  
Chair, Cardiologist  
Brampton, ON

**John Mancini**  
MD, FRCP(C), FACP, FACC  
Cardiologist  
Vancouver, BC

**Iulia Iatan**  
MD, PhD, FRCPC  
Clinician Scientist  
Montreal, QC

**Vivien Brown**  
CCFP, FCFP, MSCP  
Family Physician  
Toronto, ON
